

## SINN | Divers Watch UX complete with TEGIMENT technology | ref. UX EZM 2B

- art.nr.:** 02.394
- reference:** UX (EZM 2B)
- movement and function:** quartz | ETA 955.652 (chronometre) | 7 rubies | term of 5 years per Batterie | hours | minutes | centre second | date | chronometer
- case:** seawater-resistant submarine steel | complete tempered to 1500 Vickers with TEGIMENT technology (case and bezel) | diameter 43 mm | thickness 13 mm | antireflection coated sapphir crystal | unidirectional rotating diver bezel | screw-in crown | water resistant up to any diver deepness | the movement, dial and hands are immersed directly in a crystal-clear bath of oil. The watch is thus free from fogging, as there is no air inside the case
- dial:** black dial | indices and hands with powerful luminous material
- bracelet:** new silicon strap | small folding clasp with TEGIMENT technology
